Fun Inc Why Games Are

Fun Inc is a wonderful guided tour through the world of gaming and the games industry. I find it strikes just the right balance for an informative tour. You're neither left feeling as if you're going over stuff thats already known, nor are you left feeling lost from something being left out or poorly explained.

Fun Inc.: Why Games Are the 21st Century's Most Serious ...

People make many assumptions about video games; only teenage boys play them, they increase anti-social behaviour and they tend to be violent. Fun Inc. dispels these misconceptions, revealing that 40 per cent of all video game players are women, that most of the bestselling console games of all time involve no real-world violence at all, and how World of Warcraft's online c

Fun Inc.: Why Gaming Will Dominate the Twenty-First ...

One element of the gaming industry that will surprise some readers is the billions of dollars made by “gold farmers,” people who play online games such as World of Warcraft, and then sell the loot acquired in the game for real-world dollars to other gamers. China alone is estimated to have over a million of these gold farmer players working right now.

FUN Incorporated - Magic Trick and Novelty Manufacturer ...

Fun Inc is a book first published in January 2010 by Tom Chatfield, examining videogames in terms of their cultural status, potentials as a medium and as a business. It addresses popular concerns such as the debate over violence in games, as well as the questions of games as art, as one of the most fundamental of human cultural activities, and as a potentially transforming force in the social ...
