Introducing Body Language: A Practical Guide (Introducing)

Understanding our body language is not as difficult as some people would have you believe. All human beings use it and so actually have a "built-in" ability to recognise and read it. Unfortunately, as humans have become increasingly better at "verbal" communication their ability to consciously recognise body language has faded away.

Introduction to Body Language Series (3 Parts) - Humintell

Body language speaks louder than any words you can ever utter. Whether you're telling people that you love them, you're angry with them, or don't care less about them, your body movements reveal your thoughts, moods, and attitudes. Both consciously and sub-consciously your body tells observers what's really going on with you.
