Reading Mode looks like an open book, however, all the free books on the Read Print site are divided by chapter so you'll have to go back and open it every time you start a new chapter.

### Israel And The Bomb

But with Israel and the Bomb, Avner Cohen has forged an interpretive political history that draws on thousands of American and Israeli government documents—most of them recently declassified and never before cited—and more than one hundred interviews with key individuals who played important roles in this story. Cohen reveals that Israel crossed the nuclear weapons threshold on the eve of the 1967 Six-Day War, yet it remains ambiguous about its nuclear capability to this day.
