I also checked Lucien Freud for his detailed warts and all approach to the human figure and of course portraits. In this portrait (another close up) of Francis Bacon, Freud uses a cool palette sculpting the face like a statue - Yellow, violet, blue and white. The close up is very personal even though there is no actual eye contact.

Portrait painting is a genre in painting, where the intent is to represent a specific human subject. The term 'portrait painting' can also describe the actual painted portrait. Portraitists may create their work by commission, for public and private persons, or they may be inspired by admiration or affection for the subject.
