Electromagnetism. 6th Grade Science Worksheets and Answer key, Study Guides. Covers the following skills: Explain how magnetism and electricity are interrelated by using descriptions, models, and diagrams of electromagnets, generators, and simple electrical motors.

Electromagnetism. 6th Grade Science Worksheets and Answer ...

Think, electromagnetic radiation can be described as a stream of photons, each traveling in a wave-like pattern, carrying energy and moving at the speed of light. The main difference between radio waves, visible light and gamma rays is the energy of the photons. Radiowaves have photons with the lowest energies. Microwaves have a little more energy than radio waves.
