The Education Of An American

After documenting the incredible extent to which American education was (and still is?) financially dependant on secret CIA grants, he doesn't really call for change. And worst of all, he is only discreetly critical of Harvard for allowing these experiments, for stonewalling him when he sought information and for closing ranks around the ...

But, on the surface, especially for people on the outside of American culture, attaching sport to education is a really weird idea. So, let me try to explore this concept a little bit and argue that sport does have a place within the education system. [bctt tweet="The Role of Sports in the American Education System #sportsbiz"]
