Universal Plotting Sheets, VPOS - Landfall Navigation

13.5 x 14 inches. These are effectively just blank charts of the ocean — or of any other part of the world. The "universal" nature is that the lat and lon labels are not marked on the sheets, so we can set them up for any location on earth, and for any scale we choose. They could be set for 3 inches = 60 nautical miles, which is the "default" implied by the printed tick marks, or for 3 inches = 6 miles, or 600 miles.
